

CloserPlus Ramp™ Arm Cycles 10 Times Longer Than Competition

Norton's CloserPlus Ramp™ arm, tested in a BHMA certified lab, cycled 10 times longer than the competition proving this heavy duty, hold open arm is the best choice on the market. The CLP-R arm features a patent pending ramp and plunger design that gently guides into place reducing wear often seen on traditional hold open arms. This dead stop arm is perfect for applications where the door is constantly pulled out of hold open.

Test results:

Brand	Closer Series	Total Cycle Count
Norton	7500, 8000	630,949
Dorma	8900	78,757
LCN	4040XP	50,028

- 3 hold open arms were tested for each brand
- Total cycle count is the average
